

**TITLE 25. OKLAHOMA AERONAUTICS COMMISSION
CHAPTER 15. OAC AIRPORT CONSTRUCTION PROGRAM**

RULEMAKING ACTION:

Notice of proposed PERMANENT rulemaking

PROPOSED RULES:

25:15-1-2. Planning [AMENDED]

25:15-1-3. Planning [AMENDED]

25:15-1-4. Programming Implementation Airport Grant Program

Requirements and Procedures [AMENDED]

SUMMARY:

The proposed permanent rules will define an airport sponsor matching share and update information regarding state level and sponsor level participation. The Commission's maximum amount for terminal building projects will be increased. The Commission's cost share level of participation on hangar construction projects will be increased and the not to exceed cap removed. Fuel system construction projects will be eligible for Commission funding and the state level of participation identified. The Commission may provide funds at a 100% level for funding directed to the Commission by the legislature for specifically identified site locations and infrastructure projects. Additional changes include an updated FAA Order number related to the National Priority Rating System and grammatical changes throughout.

These permanent rules are necessary due to increased construction costs and to give the Commission the authority to direct funds specifically identified by the legislature.

AUTHORITY:

3 O.S. Section 85; Oklahoma Aeronautics Commission

COMMENT PERIOD:

Persons wishing to present their views in writing may do so from February 2, 2023, through March 5, 2023, at the following address: Oklahoma Aeronautics Commission, 110 N Robinson Ave, Suite 200, Oklahoma City, OK 73102, or by email to mbouziden@oac.ok.gov.
